PATTON – FULLER COMMUNITY HOSPITAL

Incident Report Form

Patient Name: Dorsey Maves

Employee Name: Darnell Mares, R.N.

Date: April 12, 2010

<u>Time:</u> 03:54

Incident Description: Topril was given instead of Topramax.

Patient Response: The patient had a seizure because he did not receive the

topramax.

<u>Clinical Response:</u> Nurse Mares was present during the seizure, there was no

harm during the seizure, and topramax was administered

late.
